Activity: Salt Dough Sculpture

Materials:
- ¼ cup water
- ¼ cup salt
- ½ cup flour
- Wooden spoon
- Mixing bowl
- Paint
- Paint brushes

Directions:
- Combine 1/2 cup flour, 1/4 cup salt, and 1/4 cup water (exact measurements will vary depending on what flour you use).
- Mix and then knead until you have dough the consistency of play dough, adding more water or flour as needed.
- Form the dough into sculptures, such as small bowls for jewelry or air plants or flat shapes to make into pendants or ornaments.
- Let the sculptures air dry for several days OR bake for 2 hours in a 250-degree oven (time will vary depending on project thickness).
- If desired, add paint. Acrylic will add shiny color and seal your projects so they will last.

Tips:
- Try adding food coloring to the wet dough itself rather than adding paint at the end for a new look!
