Benefits and Privileges

As the museum’s highest level donors, the Currier Society enjoys insider access, from behind-the-scenes tours with curators to distinctive events and opportunities to broaden the cultural experience of our community members.

The Currier Society was developed by the museum to recognize the philanthropy of those individuals who contribute an annual fund gift of \$1,500 or more each year. By providing meaningful support, the Currier Society enables us to present special exhibitions, provide free programs for our community, and strengthen our collections.

We are proud to offer the Currier Society complimentary admission for themselves and thier guests, plus exclusive experiences with our thanks for your generosity.
